General Accounting Office, 2003 OCLC Number: (OCoLC)52984122 Subject: Biological invasions -- United States. Excerpt: . . . State officials reported that inadequate federal funding for state efforts Other Barriers to was the key barrier to addressing invasive species - both aquatic and Addressing Invasive terrestrial. In particular, state officials were concerned about having Species sufficient funds to create management plans for addressing invasive species, particularly as more states begin to develop plans, and for inspection and enforcement activities. State officials also identified the need for additional funds to conduct monitoring and detection programs, research, and staffing. In particular, some state officials noted that uncertainty in obtaining grant funds from year to year makes it difficult to manage programs, especially when funding staff positions relies on grants. S. 525 would specifically authorize significantly more funding in grants to address invasive species than is specifically authorized under the current legislation. Many state officials also identified a lack of public education and outreach as a barrier to managing terrestrial invasive species. Public education and outreach activities are important components of the...
