

Exploring Piano Classics Technique: A Masterwork Method for the Developing Pianist

By Alfred Publishing

Alfred Music, United States, 2009. Paperback. Book Condition: New. 310 x 231 mm. Language: English . Brand New Book. The Exploring Piano Classics: A Masterworks Method for Developing Pianists series pairs motivating performance repertoire with thoughtful technical studies. Each level contains a Repertoire book with CD and a Technique book, both with convenient page-by-page correlation. When used together, the books give students a deep understanding of the art of music, performance practices, and the necessary skills to play the piano with technical ease. The Technique books are designed to give students a highly structured program of technical development. They include basic keyboard patterns (five-finger patterns, scales, chords, cadences, and arpeggios in the major and minor keys found in the Repertoire books), exercises and etudes, and other necessary technical drills for mastering each piece in the Repertoire books. Suggestions for efficient practice are also included.

Here is the finest ebook i have got read until now. It really is simplistic but excitement within the 50 percent in the book. Once you begin to read the book, it is extremely difficult to leave it before concluding.
